

# Joyful Montessori School - Primary Program Overview

---

At Joyful Montessori School, part of the African Montessori Hub in Marlborough, Harare, we believe that children are the treasures of our communities and the signs of a hopeful future. Our culturally rooted Montessori Primary Program is thoughtfully designed to support independence, creativity, and joyful exploration in young learners aged 2.5 to 6 years.

## Our Primary Program

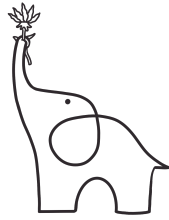

Our curriculum blends the internationally recognized Montessori approach with the rich cultural traditions of Zimbabwe. Children learn best through hands-on, real-life experiences that are engaging and developmentally appropriate. We integrate songs, movement, language, and nature-based learning in ways that reflect our values and respect the heritage of our learners.

## Core Learning Areas

- Practical Life: Skills for independence, care for the self and environment.
- Sensorial Exploration: Activities to refine the five senses.
- Language: Spoken language, reading, and writing development.
- Mathematics: Concrete tools to understand foundational math concepts.
- Cultural Studies: Local geography, history, biology, and science informed by Zimbabwean knowledge systems.
